REPORTS OF CITY OFFICERS AND COMMENTS OF CITY MANAGER:

CITY MANAGER:

BRIEFINGS:

- Recommended Fiscal Year 2016 - 2017 Budget

R.B. Lawhorn, Budget Administrator, summarized the following proposed Fiscal Year 2016 - 2017 Recommended Budget:

- **FY 2016-2017 Budget**
- **The Vision**
- **City of Roanoke Priorities**
- **Economy**
- **Education**

- **Good Government**
- **Human Services**
- **Infrastructure**
- **Livability**
- **Safety**
- **Priority Allocations**

Mr. Lawhorn indicated that education remained the largest priority with more than 60 percent of funding or \$82,205,257.00 allocated, followed by safety with an allocation of \$67,299,026.00 and third was Human Services with an allocation of \$37,575,669.00.

- **Revenue Estimate by Major Category Fiscal Year 2017**

The Director of Finance advised that the majority of revenue was generated from property taxes, other local taxes combined with the sales taxes, followed by intergovernmental grants and funding for some services.

- **\$9.0 Million Increase in FY17 Revenues over FY16 Adopted Budget**

Director of Finance continued stating that the 2017 revenues increased by \$9 million over the 2016 budget with the majority of the growth in general property and other local taxes. She pointed out that the health and welfare funding from the Commonwealth category experienced growth of approximately \$1.1 million since the April 4 presentation.

- **Local Support for Education**

Ms. Dameron pointed out that funding to Roanoke City Public Schools was recommended to increase by \$2.6 million to a total of \$80,402,800.00 for FY 2016-2017.

- **Strategic Investments for FY 2017 and Beyond**

With regard to changes since the April 4 briefing, Mr. Lawhorn advised that the Sheriff Career Enhancement Program would impact 27 deputies in the upcoming year; addition of an additional peak time ambulance staff person for the north side unit for \$129,180.00; \$41,700.00 to be used by the Office of Communications to promote marketing initiatives; as well as the addition of \$80,000.00 for a fleet parts contingency account.

- **One-Time Funding**

Mr. Lawhorn mentioned that the Capital Project Contingency category increased from \$912,609.00 to \$1,398,117.00 since the April 4 briefing.

Council Member Bestpitch asked about police body cameras and the changes to the Asset Forfeiture Program; whereupon, the Assistant City Manager for Community Development advised that the federal program was changing the criteria for eligible activities and the amount of funding to localities and the City's goal was to restrict expenditures of asset forfeiture funds and concentrate more on capital expenditures. He added that over the past year body cameras were acquired for all patrol staff and it was included in the budget to build a base for what was thought to be the annual need to

replace the cameras. The one-time funding would be to acquire additional cameras for detectives and other parts of the police department.

In response to inquiry from Council Member Ferris with regard to the addition of the peak ambulance service staff, the City Manager explained that there was a need for the service and it was being paid for using salary lapse funds. Mr. Ferris further inquired as to why the City had reserves and was not able to spend the funds; whereupon, Mr. Morrill explained that the target for the reserves was to maintain 10 percent of the annual budget as unallocated to serve as an emergency fund.

Council Member Bestpitch explained that the City saves millions of dollars with the low interest rates received as a result of the positive reports from the bond rating agencies and the unallocated reserves. He further explained that by not maintaining the reserves, the rating agencies could change the ratings and charge higher interest rates so if funds were borrowed, the City would pay more over the life of a 20 or 30 year project adding up to millions of dollars that could have been saved.

Vice-Mayor Trinkle inquired if the election staffing funds included poll books; whereupon, the City Manager advised that poll books were previously purchased by the Registrar and the election staffing funds referred to temporary wages associated with the presidential election.

- **Outside Agencies – Funding Amount by Agreement/Contract**

Council Member Rosen commented that based upon previous discussions with regard to Virginia's First Cities, the Council decided to withdraw the City's membership mainly because the City has its own Legislative Liaison who covers many issues, Virginia's First Cities sometimes takes positions that are not in the City's interests and the consultants used by Virginia First Cities are the same as the Virginia Municipal League. He further commented that the \$24,000.00 annual dues had been reallocated to the I-73 Coalition, LLC.

Vice-Mayor Trinkle suggested that a work session be held for the Council to review all the City's current memberships and commented that it would behoove the City to examine its commitments.

- **Outside Agencies – Funding Amount by Agreement/Amount Discretionary**

- **Outside Agencies – Funding Participation Discretionary**

- **Capital Project Planning**

- **Debt Issuance Planning FY 2017-2021**

Mr. Lawhorn advised that in Fiscal Year 2018, \$1 million was allocated for the 10th Street Improvement Project which had been reduced to \$700,000.00, due to the anticipated reduction in State funding.

- **5 Year Forecast**

He continued stating that there was a budget gap in Fiscal Years 2018, 2019 and 2020 at \$2.2 million, \$2 million and \$1.2 million, respectively, in which projected expenses exceeded projected revenues.

The City Manager interjected that while reassessing the taxes last year, it was hoped that real estate would recover at a faster pace and since that was not

the case, the next five fiscal years more conservative numbers were used and local taxes were doing well and as of the fifth year the City would be caught up.

- **Fee Adjustments**

Mr. Lawhorn indicated that only one fee adjustment was recommended with regard to athletic field rental for tournaments which was currently at \$125.00 per field per day to the proposed fee of \$50.00 per field per day and \$10.00 per team, to align the fees with the City of Salem and Roanoke County.

COMMENTS BY THE CITY MANAGER.

The City Manager shared the following comments:

Roanoke's Library Director, Sheila Umberger, Has Received National Recognition

- The American Library Association has recognized Sheila Umberger, the Director of Roanoke Public Libraries, with the 2016 Peggy Sullivan Award for Public Library Administrators Supporting Services to Children.
- This national award is presented annually to an individual who has shown exceptional understanding and support of public library service to children.
- Sheila's staff put together the nomination without her knowing about it.
- One of the accomplishments included in the nomination was the fact that the number of Youth Services programs offered increased from 118 a year to 3,392 during Sheila's tenure.
- We will invite Sheila to a Council Meeting for recognition after the award is presented to her at the ALA Annual Conference in June.

Parking Meter Pilot Program

- The city's parking meter pilot program is underway. New solar-powered parking pay stations have been installed at the Market Lot, the Gainsboro Garage Lot and the Higher Education Center Lot. The pay stations accept coins, bills, and credit cards, and operate in English and Spanish. Parkers can also use their mobile phones to pay for parking at these locations. We encourage people to use the meters and provide feedback to PARK Roanoke.

Downtown Events

- Over the weekend we had an enormous amount of activity downtown with events including Down by Downtown in Elmwood Park, Big Lick Music Conference with performances at select downtown venues, and the Blue Ridge Marathon, which included about 400 runners this year.
- A large number of people attending these events were also downtown enjoying the city.

611 Coming to Roanoke

- We are looking forward to seeing the 611 as it steams through Roanoke on April 23 and 24 for the "Roanoker Excursion" from Greensboro, N.C.

Reminder: Public Hearing on Budget

- Citizens are invited to attend a public hearing to provide input to City Council on the proposed FY17 Budget
- Thursday, April 28, at 7:00 p.m.

Eleven Signs a City Will Succeed

The Atlantic magazine recently published an article that shares the signs that a city will succeed. I am proud to say all of these can be seen in Roanoke:

- Divisive national politics seem a distant concern
- You can pick out the local patriots
- “Public-private partnerships” are real
- People know the civic story
- They have a downtown
- They are near a research university
- They have, and care about, a community college
- They have unusual schools
- They make themselves open
- They have big plans
 - They have craft breweries

Furthermore, he called attention to actions concurred in by the Council to comply with the selection process:

- On Monday, June 6 during the 2:00 p.m. session, Council will select two successful applicants to serve as Roanoke City School Board Trustees

Also as agreed upon by the Council, the Vice-Mayor pointed out that the following questions were sent, in advance, as part of the interview process:

The schools recently with the help of a temporary tax accumulated a large fund balance. This balance is being spent down and is expected to be gone within the next few years if not before. Should the schools operate with a fund balance yearly? How will schools operate in the future without a fund balance? How will they continue recurring programs that have been funded out of the fund balance?

As a school board member, how will you interact with city council? How do you see that relationship?

The schools have out-sourced many operational items. Do you see this as working or not? How do you monitor the success of these programs and are there other pieces of operations that should be considered for out-sourcing?

Over many years, the schools have attempted to share in certain operations that made sense with the city. Some have worked and some haven't. Ideas have included health insurance, playgrounds, recycling, and lawn maintenance. As a school board member, what are your thoughts on such programs? Should they remain separate or are there opportunities for improved services at lower costs?

What is your experience working on boards or with large groups? How do you contribute, what do you bring to the table? Do you see yourself as one that can challenge opinions and suggestions or one that aims to take advice and try to keep group harmony?

Meeting demands on our urban school system while staying within budget is one of the primary tasks of the school board. How do you intend to contribute to this task?

School Board often has to deal with personnel issues. These are vital to the success of the system and include hiring and retaining qualified teachers and administrators. However, the school board is only directly involved in hiring the superintendent. What experience in personnel would you bring to the school board? How would you handle personnel issues through the superintendent? Suppose in the next few years you were tasked with hiring a superintendent, how would you approach that?

As a School Board Trustee, describe your role and relationship with the School Superintendent.

At 6:17 p.m., Vice-Mayor Trinkle advised that the interviews had concluded and announced that the Council meeting was declared in recess until 7:00 p.m., in the Council Chamber.
