Circumstances of Application/Description of Work

Permit General Conditions and Acknowledgements

The Applicant is required to review the following provisions of the Statewide Fire Prevention Code and its referenced standards. After reviewing each provision, the Applicant must initial each item to acknowledge their review and agreement to comply with the requirement. If the requirement is not applicable to the application, the Applicant is to write N/A in place of their initials.

- Site operator shall submit emergency contingency plan, including descriptions of resources available on site and those which can arrive within an hour; plus names and phone numbers for after-hours emergency response.
- Combustible waste material shall be properly contained when beyond areas approved for extensive accumulated storage.
- Control weeds, grass, vines or other growth to minimize fire risk within 15 feet from combustible storage or combustible structures.
- Outside storage of combustible materials shall not exceed 10 feet above nor below nearby surrounding area's average grade level.
- Surface area of each accumulation of combustible materials shall not exceed 300 feet in length or width.
- An approved fire vehicle access route shall be within 150 feet of all areas of combustible accumulations, plus between such accumulations and lot line.
- A fire hydrant, capable of 1,000 gallons per minute flow, shall be along fire vehicle access route within 400 feet of any area of combustible accumulation over 100,000 cubic feet. At least 700 feet of approved 2.5" diameter firefighter hose to be available for each hydrant.

Fire Prevention Code Permit Application
2015 FWST: Waste Material Handling Facilities (Junk Yards)

Permit Certification

By my signature below, I hereby certify that I have read and examined this application and that all of the information contained therein is true and correct. Furthermore, I certify that the proposed operations will fully comply with the requirements contained in The Virginia Statewide Fire Prevention Code and any other related laws and /or Codes. I agree to indemnify, save harmless, and defend the City of Roanoke, its agents and employees, from all claims, damages, costs, expenses, and charges, including attorney's fees, which arise out of or by reason of these operations.

I acknowledge that if a permit is issued based on this application, it shall only be valid with in the building, facility, and/or location listed on this application for the specific date(s) and time(s) for which it is issued.

I acknowledge that approval of this application does not constitute permit issuance. Permit issuance does not occur until the completion of an on-site inspection by the Roanoke Fire Marshal's Office.

I acknowledge and understand that any violations of the Virginia Statewide Fire Prevention Code and/or the requirements of this permit may result in immediate permit suspension or revocation.

I agree to indemnify, save harmless, and defend the City of Roanoke, Virginia and its agents and employees from all claims, damages, costs, expenses, and charges, including attorney's fees, which arise out of or by reason of the activities associated with this permit.
