 - Expenses to be adapted to lower revenue expectations
 - No fee increases anticipated for FY 21
 - Future Hotel/Garage Project design process temporarily suspended (will require a future fee increase)
- Berglund Center
 - Uncertainty with live entertainment industry
 - Operating subsidy is level funded based on current plan for restart of activity based on current information available and rescheduled events
 - Expenses will be managed based on the timing of events coming back on-line
 - Certain level of risk associated with actual subsidy exceeding budget

Capital Improvement Program Enterprise Fund and Other Considerations

- Stormwater Fund
 - Challenge with maintaining level of capital project funding if grant funding declines and addressing future identified operating need
 - Previously identified fee increase will be deferred, but needed in the future
 - Any reduction in Utility Fee collection will be offset with lower level of available cash funded capital
- Market Building Support
 - Operating support level funded
 - Sufficient operating funding to weather limited period of financial uncertainty
 - Agreement between the City and Market Building Foundation for operation of the Market Building requires the City to cover operating deficits
