

# Infrastructure - \$28,330,917

The City of Roanoke *maintains and builds quality infrastructure that supports healthy residential neighborhoods, successful commercial areas, and accessible public facilities and amenities.* The City works to ensure the facilities, equipment, materials, and services that are necessary to meet the communication, mobility, life-safety, recreation, and basic needs of our individuals, families, businesses, and visitors are provided and maintained in a manner that contributes positively to safety, livability, and economic advancement

Environment – We will work locally and regionally to ensure the quality and sustainability of our natural resources and features with a particular emphasis on clean air and clean water.

Buildings, Parks and Greenways – We will work locally and regionally to deliver buildings, parks and greenways that are functional, accessible, and sustainable, and that can be operated in an efficient manner.

Transportation – We will ensure our transportation network enables a full-range of mobility options that are delivered, maintained and operated in an efficient manner.

Equipment and Vehicles – We will ensure that the equipment and vehicles we use to deliver our services are safe and well-maintained and procured and operated in an efficient manner.

Technology – We will ensure that the technology we use to deliver services and to communicate to and engage with our community is functional and reliable, and is procured and operated in an efficient manner supporting businesses processes and community needs.

**We are seeking offers that will evaluate, maintain, and operate the Transportation infrastructure needed by our community.**

Specifically we are looking for offers that:

1. Proactively evaluate and maintain existing assets within the City's rights of way and provide clean and attractive transportation corridors.
2. Maintain, and improve multi-modal transportation and recreational infrastructure.
3. Demonstrate innovative and sustainable technology or maintenance techniques that will extend the life of assets or improve the condition of the assets and minimize resource expenditures.
4. Improve coordination between public and private entities (such as Water Authority, Roanoke Gas, AEP, and developers) to ensure that construction and maintenance activities provide safe, sustainable, and durable infrastructure.
5. Enhance coordination that affects regional transportation initiatives.

**We are seeking offers that will protect and help improve the environment.**

Specifically we are looking for offers that:

1. Protect existing and/or contribute to the long term improvement of water quality through management, maintenance and improvement of the City's stormwater infrastructure and applicable federal, state and local stormwater regulations.
2. Maintain or reduce the impacts of regulated waste management through increased operational efficiencies, reduced waste volumes, increased reuse and recycling and/or the generation of less hazardous waste streams.
3. Improve environmental awareness public participation, and contribute to the long term improvement of environmental quality, and the overall aesthetics of our community, particularly in partnership with other public and/or private entities (neighboring governments, non-profits, businesses, schools, and stewardship organizations) that fosters regional collaboration around environmental stewardship, natural

resources management, improving or maintaining the environmental attractiveness of our region.

**We are seeking offers that ensure the viability, relevancy, and long-term value of the City's technology infrastructure.**

Specifically we are looking for offers that:

1. Provide a prioritized inventory of technology infrastructure and recommended life-cycle maintenance, repair, replacement, and/or improvement.
2. Effectively manage technology assets and improve enterprise technology service delivery.
3. Utilize innovative strategies resulting in improved services, improved results, or reduced costs throughout the organization.

**We are seeking offers that address the City's maintenance and evaluation needs for equipment and vehicles.**

Offers shall:

1. Provide a prioritized inventory of vehicles, equipment/machinery and recommended life-cycle maintenance, repair, replacement, and/or improvement.

**We are seeking offers that will maintain buildings/parks/greenways owned by the City of Roanoke.**

We are seeking offers that:

1. Provide a prioritized inventory of deficiencies and recommended life-cycle maintenance, repair, replacement, and/or improvement to:
2. Demonstrate the ability to provide preventative maintenance, cost effective repairs and life cycle trending of equipment to justify the cost of systems modifications, upgrades and replacements.
3. Encourage regional cooperation to develop and manage park and recreation facilities that serve multiple jurisdictions (e.g. large recreation centers and aquatic centers).
