A Clearance Report is NOT REQUIRED if the combined amount of regulated asbestos-containing material involved in the renovation or demolition is less than 260 linear feet on pipes or less than 160 square feet on other facility components or less than 35 cubic feet off facility components where the length or area could not be measured previously.

I understand that all applications for permits, along with all additional required information, must be provided to the Permit Center prior to processing of this application. All information submitted will be reviewed prior to issuance of a permit. Should information be missing or additional information be required, the review process may be delayed. I also understand that I am required to conform to all applicable requirements of the Virginia Uniform statewide Building Code, the Zoning Ordinance for the City of Roanoke and all other applicable laws and ordinances.
