

# RESIDENTIAL IVR CODES

## FULL LIST OF INSPECTIONS, DESCRIPTION OF INSPECTIONS AND THEIR IVR CODE FOR RESIDENTIAL PERMITS ONLY.

Not all inspections are available for all permits. Please verify which inspections apply to your project by looking on the back of your placard. If you pick an IVR code that is not applicable to your project the system will hang up and you will need to start over.

IVR is recommended  
for small projects  
calling for one  
inspection at a time.

For large projects and  
to schedule multiple  
inspections we  
recommend using  
eTRAKiT. Contractors  
please email

[trakithelp@roanokeva.](mailto:trakithelp@roanokeva.gov)

[gov](mailto:trakithelp@roanokeva.gov) with your name

and contact  
information.

Homeowners can  
create their own  
accounts at
