

COMMERCIAL IVR CODES

FULL LIST OF INSPECTIONS, DESCRIPTION OF INSPECTIONS AND THEIR IVR CODE FOR COMMERCIAL PERMITS ONLY.

Not all inspections are available for all permits. Please verify which inspections apply to your project by looking on the back of your placard. If you pick an IVR code that is not applicable to your project the system will hang up and you will need to start over.

IVR is recommended for small projects and calling for one inspection at a time.

For large projects and for multiple inspections we recommend using eTRAKiT. To get an eTRAKiT account please email trakithelp@roanokeva.gov with your name and contact information.
